

Young Aviators Update

February 2015

The YA's have a couple of field trips planned!

We have been invited to Wings Over the Rockies for a radio and navigation presentation. Mr. Bill Busch was given space to dedicate to military aircraft radio. Bill has compiled complete sets of aviation radio systems used in different wars including the Civil War, WWI, WWII, Korea/Vietnam, and beyond. Stay tuned in March to hear about the field trip.

The WWII display is a complete radio system, very similar to the system we have for the B25. Bill help the YA's pick out radio communication & navigation equipment appropriate for our B-25J. This equipment has since been donated to YA from Dave Elliott.

SAVE THE DATE!
JUNE 20, 2015

We will again be out to WOTR but we are taking the B25! Come out and visit the team and see what they have accomplished. We hope that the work they are putting in and the education they are getting about WWII will make it worth your time.

Progress is coming along on the aircraft. Updates are posted by team leads at youngaviators43.com > B25 > Updates

If you are interested in receiving the updates and reminders from the Young Aviators, please send your contact info to Andrea aaa43youngaviators@gmail.com and request to be put on the list. It's only a few emails a month.

If you are planning on camping this year in Oshkosh, we have a group going and they the EAA is planning on getting space reserved for us together. If you want to camp near the YA's, their mentors, and the families, please let us know ASAP so that we can give them an accurate count for sites. Email Andrea at

ea43youngaviators@gmail.com or Lynn Miller at patlynnmiller@gmail.com if you would like more info.

Reminder: WE STILL NEED TO GET THE GYROCOPTER SOLD!
Any help out there in our aviation community??
We need the funding and the space.

Upcoming Meetings:
February 7th and 24th from 11 am - 2pm
McEwen Hangar
2955 Piper Dr, Erie
